

1 December 2009

Garden Island Public Information Session

Wave Energy Developer, Carnegie Wave Energy Limited (ASX: CWE) held a public information session, organised in conjunction with Rockingham Kwinana Development Organisation (RKDO), regarding the proposed 5MW CETO commercial demonstration off Garden Island, Western Australia. The Project will utilise \$12.5m funding awarded to Carnegie by the State of Western Australian Government under the Low Emissions Energy Development ("LEED") fund.

The public session was held on Tuesday 1 December 2009 at The Cruising Yacht Club in Rockingham and hosted by the Honourable Phil Edman MLC. Carnegie's Chief Operating Officer, Greg Allen, gave an update on CETO wave energy technology development and the proposed project, which was followed by an enthusiastic and positive question and answer session. The session provided Carnegie with an opportunity to obtain valuable feedback from stakeholders and interested parties on the proposed project which will be used to inform project design.
